JOIN #EYY2022

European Commission announced 2022 to be The European Year of Youth to move forward with confidence and hope in a post-pandemic perspective.

One of the goals is to encourage all young people, especially those with fewer opportunities, from disadvantaged backgrounds, from rural or remote areas, or belonging to vulnerable groups, to become active citizens and actors of positive change;

MISSION (I'M) POSSIBLE

To become an *actor of positive change*, person needs to have courage to cooperate with others.

For natural leaders it's simple. It also becomes easier after training.

But for people, who couldn't get any chance to get leadership experience for their whole life, it is often impossible. Reasons are different: disabilities, cultural differences, discrimination, social, economic and educational barriers

Many possibilities stay "exclusive" for people with experience.

EVERYBODY IS A LEADER

You are a leader.

Yes, you are. We don't care where you are right now in your life.

Yes, that's right, whatever you are doing with your life, you are welcome to join this program.

We believe that leadership is all around us and that it is happening all the time. How are you leading your life? How are you deciding with your friends what activities to do? How will the decision be made whether you join this program or not? Do you sometimes offer advice to others? Do you sometimes help others?

WELCOME TO

"KNOW YOURSELF"

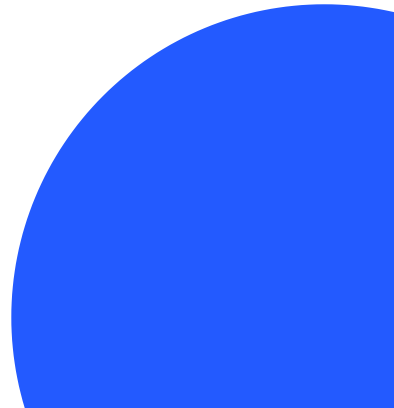

"Know Yourself - leadership for all" Youth Exchange project is right for you, if you want to try out leadership roles in an informal setting with games.

During this project you will be introduced to different kinds of games, simulations and challenges by either other participants or facilitators.

During the activities you can choose to voluntarily take on a leadership role and lead your team to success.

Example:

if a team plays volleyball, the leader should understand everybody's strengths and use them to lead the team to "success". Success looks different for every game we will play. That's another side of the project's approach to "inclusive leadership"

If ideas like:

- "others are better than me"
- "people like me can't do that"
- "if I try, others will laugh at me" and similar -

stopped you from taking part in group activities - we feel you.

Mission of this Youth Exchange is to create a safe and inclusive space for people, who never had a leadership experience, to practice it and use it as a skill in future.

SOLUTION FROM INSIDE

We also want to explore how leadership is perceived:

- When somebody leads us, how do we feel?
 - Which type of leaders feel good or bad to work with? And why?
 - How can we give feedback to the leaders, so they will understand everybody's needs?
- 

Knowing yourself, exchanging stories and experiences, brainstorming solutions can help to practice leadership for everyone.
